 [LinkedIn/com/chris-back](https://www.linkedin.com/company/chris-back)

## OBJECTIVE

Junior web developer with sound knowledge of HTML, CSS, JavaScript and Ruby on rails. Proficient at producing clean and efficient code with a thorough understanding of test driven development. Looking for a career path in web development to continue learning and further increase my skill set to become a more efficient developer.

## SKILLS

- Front end development
- Back end development
- Agile methodology
- High-level numerical literacy
- Strong time management
- Strong Communication

## KEY PROJECTS

### PORTFOLIO WEBSITE

<https://wizardly-visvesvaraya-fd4287.netlify.app/>

- First project built using HTML and CSS.
- Built with mobile-first design hence responsive at 3 different breakpoints.
- Flexbox used to change layout depending on screen size.

### REELIZEGREATSAILS

<https://sleepy-castle-19697.herokuapp.com/reels>

- Two-sided marketplace for fishing reels created using Ruby on Rails framework with a PostgreSQL database and deployed using Heroku.
- Features include a cookie based wish list, image upload capability through Cloudinary, payment processing through Stripe, user login and authentication using Devise and authorization using Pundit.
- Follows MVC architectural design.

### FITNESS GURU

<https://github.com/storm0105/T1A3>

- Fitness tracker that tracks calories and also exercise routine. Created using Ruby.
- Calorie tracker and exercise tracker allows to add and remove from the lists. Also can export calorie list to a csv file and exercises to a text file.

# EMPLOYMENT HISTORY

## OMNICOM MEDIA GROUP

Feb 2019 - Jan 2022

### Media Payables Officer

- Matching, validating and reconciling media supplier invoices with our system (Spectra MD).
- Managed over 100 accounts every month over various media types, including digital, overseas and radio.
- Working closely with our media team to ensure all account queries are resolved prior to when the media supplier must be paid.
- Ensure all reconciliations and payments are correct and on time for our monthly payment deadlines.
- Work collaboratively within our own team and wider Finance team with other workload requirements, such as preparing for audit check
- Assist with month-end close-off, payment runs and general reporting of our accounts.
- Ensure all electronic scanning and filing is complete every month to ensure we have back up records of our payments and invoices we have received.
- Maintain strong relations with our external vendors, internal teams and other finance divisions and management to ensure smooth communication on all levels

## PARAMATTA UNIQLO

Feb 2017 - Dec 2018

### Floor Staff

- Maintain good work ethic by ensuring customer relations were strong through verbal and non-verbal communication.
- Enhanced teamwork skills by making use of communication lines to find out which sections of the store needed assistance.
- Worked closely with on-site upper management team to help create a friendlier atmosphere for the customers to shop.
