SKILLS

- Front end development
- Back end development
- Agile methodology
- High-level numerical literacy
- Strong time management
- Strong Communication

SUMMARY

Web developer with recent completion of web development bootcamp at Coder Academy and a completed internship at Law Partners. Knowledgeable of JavaScript, React, Express, Ruby, Ruby on rails and currently learning C# and .NET framework. Well-versed at producing efficient code with a solid understanding of test driven development. Eager to continue in a career path in software development to further increase my skill set to become a more efficient developer.

KEY PROJECTS

PORTFOLIO WEBSITE

https://chrisback2021.github.io/T1A2/

- First project built using HTML and CSS.
- Built with mobile-first design hence responsive at 3 different breakpoints.
- Flexbox used to change layout depending on screen size.

HWHISKEY

https://frontend-sigma-neon.vercel.app/

- Whiskey tasting app made using MERN stack.
- Allows to rate whiskeys by having modals pop up.
- Reactive 5 star system in place to make it user friendly.
- Pagination included

REELIZEGREATSAILS

https://sleepy-castle-19697.herokuapp.com/reels

- Two-sided marketplace for fishing reels created using Ruby on Rails framework with a PostgreSQL database and deployed using Heroku.
- Follows MVC architectural design.

FITNESS GURU

https://github.com/ChrisBack2021/T1A3

- Created using Ruby.
- Calorie tracker and exercise tracker allows to add and remove from the lists. Also can export calorie list to a csv file and exercises to a text file.

EDUCATION

DIPLOMA OF IT

2022

Coder Academy - Web development bootcamp

BACHELOR OF BUSINESS

2018

University of Technology, Sydney

REFERENCES

EMPLOYMENT HISTORY

LAW PARTNERS   Aug 2022 - Nov 2022

Graduate Support Developer - Internship

- Fix bug tickets that have been allocated to our team.
- Created a knowledge base to differentiate the duties between level 1 support and level 2 support to allow developers to focus on fixing code issues.
- Participate in team scrum every morning to advise on what I have been working on and provide any assistance I can to others or ask for assistance.
- Communicate with users to find out causes of errors and replicate them in our local environment to pinpoint the error and include the reproduction steps into Azure for other developers to see.
- Supported other team members when needed, such as providing extra information to our QA team and closely working with developers to fix bugs.

OMNICOM MEDIA GROUP   Feb 2019 - Jan 2022

Media Payables Officer

- Matching, validating and reconciling media supplier invoices with our system (Spectra MD).
- Managed over 100 accounts every month over various media types, including digital, overseas and radio.
- Working closely with our media team to ensure all account queries are resolved prior to when the media supplier must be paid.
- Ensure all electronic scanning and filing is complete every month to ensure we have back up records of our payments and invoices we have received.
- Maintain strong relations with our external vendors, internal teams and other finance divisions and management to ensure smooth communication on all levels

PARAMATTA UNIQLO

Floor Staff   Feb 2017 - Dec 2018

- Maintain good work ethic by ensuring customer relations were strong through verbal and non-verbal communication.
- Enhanced teamwork skills by making use of communication lines to find out which sections of the store needed assistance.
- Worked closely with on-site upper management team to help create a friendlier atmosphere for the customers to shop.
